WEDNESDAY, APRIL 12, 1848.

☞ Rev Dr Pomroy will discourse on Fast Day, tomorrow, on the *Sins of Bangor* A plain sober statement of these, taken from the right point of observation, will startle the community Many of our citizens pursue their pleasures and their various loves, and the objects of their ambition with an audacity that puts all decent sense to the crimson and with the recklessness of riding upon the new catcher of an eighty mile an hour night train

The wine cup, the gaming table and the Strange Woman are becoming fashionable with many of our young men and are working out their ruinous effects The warning which the case of Dr Coolidge furnishes, passes by unheeded and many are floating about the bright blaze of destruction and will fall down burned and destroyed

The classes of these evils indulged, become so great as to absorb all the faculties, all the powers of their victims, and so invert their minds and subvert their principles as to push them onward to dishonesty and crime, until at length they wallow in the mire of sin and become a moral pollution whose stench poisons God's pure air and chokes the ordinary respiration of mankind

It is time that the earnest attention of all who have at heart the welfare of the community should arouse and make use immediately of every instrumentality to turn back the current of evil The silence of indifference has been permitted too long. The fire has been left undisturbed until it has crept into every crevice and cranny and behind all the sealings and joints and spaces of the interior of the building and is now bursting out, and visible in every part Now, all see the danger and raise the alarm, and we trust will be ready to unite in extinguishing the conflagration and, what is of equal if not of greater consequence, will provide some remedy against a recurrence of the evils which are now desolating our community

Probably none of the young men of our city who feel that they are such sinners as will be referred to in Dr Pomroy's discourse, will attend upon its delivery

This is unfortunate, but we may perhaps furnish a sketch of it for our columns and thus give them an opportunity to profit by its perusal in private

Court of Enquiry.

The N O Daily Crescent contains a full Report of the proceedings before the Court of Enquiry now sitting in the city of Mexico On the second day of the sitting of the Court, as has been previously stated, Gen Worth withdrew his charge against Gen Scott and proceedings in Scott's case were stayed for the present The Court then took up the case of Lieut Col Duncan

Gen Scott, in a paper which he read to the Court, withdrew the first charge against Lt Col Duncan, viz that of publication in newspapers of unauthorized letters or reports, a breach of an old army regulation, republished and re-established by the President, January 20, 1847. This was done for the following reasons is expressed in the language of Gen Scott.

"The President thought proper, on an admitted certain and specified fact, to order an inquiry into and not a trial of the matter It is not for me to uphold the regulation against the evident indifference on the subject I therefore withdraw the charge and its specification, and utterly decline without further orders from the President, to prosecute it before this or any other tribunal"

The second charge had reference to matters of fact stated in the letter published by Lt Col Duncan. And this charge Gen Scott offered to withdraw provided the former officer would say that he was ignorant at the time of writing the letter of certain facts specified in Gen Scott's paper The Gen observed that he was well aware that Lt Col Duncan was under no obligation to answer,—he could do so or not as he pleased—if he did answer it would shorten the proceedings of the Court—if he did not, his refusal would not operate to his prejudice

Lieut Col Duncan returned answer as follows

"In writing the letter to which Major General Scott refers to in his paper just presented to the court, viz "Tampico letter" I believe the facts set forth therein to be substantially true—I still believe so I have no desire to detract from the merit of any officer, as I am sure can regret more than myself if I have done so. I had no evidence that the statements of Major General Scott are facts, if they are so, I was certainly ignorant of them when I wrote the Tampico letter, and learn them now for the first time"

Gen Scott having stated that ample proofs were at hand of the statements made in his paper read to the Court and also that he accepted the answer of Lieut Col Duncan, then withdrew his second charge

After some deliberation, the Court decided "That all further proceedings in the case be stayed until report can be made to, and instructions received from the Secretary of War in the premises"

The case of Gen Scott was then taken up, upon which Gen Scott submitted the following:

In reference to the construction put by the enemy and the orders of the President of the United States, under which I was assembled—that only the conduct of Major Gen Scott, Maj Gen Pillow, and Lt Col Duncan, as set forth in the written accusations against them respectively, is to be enquired into, and not that of Brevet Major Gen. Worth, against whom there was also a written charge laid before the President of the United States, and in reference also to the letter of Brevet Major Gen Worth, in the event, which I am bearing his appeal or complaint against the said Scott, but leaving the system, modified by on the ground that the President had done the said Worth "full and ample justice,"—the said Scott, deems himself compelled to address the Court, but was soon stopped and requested to reduce his remarks to writing; with that decision or request of the Court in now succinctly complies as follows.

Mr President and Gentlemen of the Court—

Here, in the Capital of Mexico, conquered by the American arms, under my command, I find myself but a prisoner at large—the chief criminal before this court.—Deeply wound d my military pride is cast down, into the dust—not by the public enemy—but by the lodgment of power from home—At that result to date, in that quarter, to injure, to degrade and humble me here and elsewhere, has been accomplished But sustained by the Almighty arm, I feel my myself strong in conscious rectitude, strong in mind and body—strong in all the means of self defence, I fail, defiance to my accusers I shall not plead the letter, with its swift the appeal against me is the bar of trial Nay, I challenge the whole of that letter to come forward and do his worst. But he doubt he thinks—and with reason—that he has done his worst. Here, in view of the enemy, he has ceased not to be struck down from the high and honorable command of a most gallant and triumphant army

He has caused me first to be prejudged and punished at home, and then to be brought forward to be tried again, while he my junior has been promoted and rewarded. The President, as an unwilling witness, closed him "full and ample justice"—yes, all to double increase justice to his pride, and justice to his vengeance Let him, Mr President, go forth rejoicing, in the plenitude of Executive favor Without envying him his honors, I shall, at the end of this court, have done with him forever Again Mr President, I repeat, my attitude is that of defence.

WINFIELD SCOTT

Mexico, March 17, 1848

On the reading of the above document General Worth rose and asked if he might be permitted to ask a question of the Court

Gen Scott here interrupted, and said that he understood that gentleman (Gen Worth) to be here only as a prosecutor, and as such, he had no right to speak

President—These interruptions cannot be indulged in

Gen Scott—Don't apply these remarks to me, sir

The Court was cleared for a time but on the re opening it was announced that the case of Gen Scott would be adjourned for the present, in order to give the members time to consider the paper presented by him more fully

The case of Gen Pillow was then commenced.—The Creole it contains a report of the proceedings down to the fifth day of the session A mass of documents were read, and Mr Freaner, a correspondent of the New Orleans Delta, was examined on the part of the prosecution Mr Freaner testified that he received a paper from Gen Pillow which the latter read and interlined, before handing it to him and this paper was an almost exact duplicate of the printed letter signed "Leonidas," and published in the New Orleans Delta Gen Pillow requested Mr Freaner to return the paper, but this he declined to do

Mr Freaner also testified that Gen Pillow told him that he had had that paper (meaning the letter) prepared for him (Mr Freaner) from the abstract of his report

The charges against Gen Pillow are a violation of the Regulations of the Army, in publishing unauthorized reports in newspapers, and conduct unbecoming an officer and a gentleman, in making false statements in his publications The testimony of Mr Freaner goes to show what agency Gen Pillow had in the publication of the letter signed, "Leonidas"

The Erie (Penn) Gazette publishes a letter from William B Lane, Esq; who was appointed an assistor for the 23d Congressional District in that State, by the late Taylor Convention, at Harrisburg Mr. Lane declines the honor intended to be conferred on him. He states he is a Whig, and goes for Whig men and measures, and the success of the Whig party He is willing to support General Taylor, should he be the nominee of the National Convention, but withdraws his name from any connection with those who wish to throw aside all principles and bring forward the General, independently of any party consideration.

Revolution Completed in Bavaria.

IMPORTANT NEWS FROM ITALY.

The Hibernia arrived at New York on Sunday night and the news was Telegraphed to the Boston Times.

The most important item of intelligence by this arrival, relates to the reported movement of the POLES Should that brave people recover their station among the nations of the earth, in consequence of the French Revolution, it would be just cause for congratulation and rejoicing all the friends of liberty—as much greater than even the freedom of France itself could create.

France.

The three brothers Rothschild have assembled at Paris, and are in daily consultation with the Government A permanent Guard was offered to that eminent Banking House for their protection, but was declined by them

Foreign trade and home productions have almost entirely ceased.

The workmen generally have abandoned the various factories

A gigantic project for taking under the charge of the Government all the Railroads in France is under consideration

Gen. Cavignac has been appointed Minister of War

On the 23d instant, bills were posted by the Belgians and Germans calling upon the French to give them arms and march with them to Belgium and Germany to establish republics. About 5000 people assembled at noon, who, however, contented themselves with burning their noisome allegs

All idea of war with the continental powers is at an end, except as regards Russia

If the Poles rise it will be extremely difficult to keep the French people from rushing to their aid

A party of 25 Polish Emigrants left Paris a few days since with the intention of penetrating into Poland, and raising the standard of revolt—their countrymen in Paris are looking with great anxiety to the result of their exertions

All the Russians residing in, or visiting Paris have received an order to leave immediately

It was feared that the returns for the elections from the Provinces would tell against the Provisional Government.

The Commissioner of the Seine had been directed to confer with the British Consul respecting the claims of British workmen who had been expelled from Rouen

A procession of 10,000 Socialists paraded Paris on the 19th and routed the Sardinian Ambassador, who was used to place himself at their head They proceeded along the Boulevards to the Bastile where they paid their homage to the statue of Liberty

They then proceeded to the Hotel de Ville and demanded of the Provisional Government the sale of French cottons

M de Lamartine informed them that after having made the demand collectively, they should make it individually and it would receive all due attention

M Beaubiel, a name well known in the Spanish world, has failed The event caused the funds to decline

The Austrian demonstrations paid their respects to the Provisional Government, when they heard to their surprise of the commencement of the revolt at Milan

A new German Democratic Club was opened on the 17th inst. Nearly 2000 persons assembled

The French Government has received a telegraphic despatch announcing that the King of Bavaria had abdicated

No dates or other particulars are given—the telegraph being interrupted by the weather M Collin, formerly the unpaid Attache to the Embassy in London, is charged for the present, with the superintendence of the affairs of the Embassy, but is not accredited as Minister at the English Court.

POLAND.

Proclamation of a Republic in Cracow on the 18th The inhabitants of Cracow proclaimed a Republic 50,000 insurgents are under arms On the previous day the Governor was compelled by the people to release 400 political prisoners, implicated in the recent insurrection

AUSTRIA

M de Rothschild had subscribed 100 000 florins towards the equipment of the National Guard of Vienna The domain of Prince Metternich, the famous castle of Johannesberg, has been confiscated by the Government of Nassau

The latest news from Vienna is dated March 16. Tranquility seemed restored for the moment The greatest enthusiasm prevailed everywhere in Vienna All national hatred seems to be forgotten—The excitement is still very great, and it is not probable that the events which happened on the 13th and 14th of March will be the last we shall have to report They are but the waking up of the public mind to that vast empire, and there will assuredly be a reaction which will be felt to the remotest part of the kingdom

The Austrian funds declined on the 17th, on account of the news from Berlin The Austrian spectacle is virtually dissolved The dismissal of Metternich and the overthrow of his suspotic system, snaps asunder the links which bind together the heterogeneous States of Hungary, Bohemia, Moravia, Gallicia Styria, Tyrol, Lombardy, and Salzburg, and it remains to be seen what future lot will be fixed by the authority of Austria proper.

SPAIN

From all quarters of Spain come assurances of complete quiet A military Tribunal had presented himself for pardon in Catalonia. The report that any intention was entertained by the Government of advancing Montpensier to the head of the artillery is contradicted

RUSSIA

All the Russians at Paris are preparing to leave, on a hint from the Legation that they will thus avoid offending the Emperor. The rumor that the Emperor was dead had no foundation The general dissatisfaction throughout France and Germany has scarcely had time to produce effect The Emperor Nicholas, however is so much directed to the Minister of War, has commanded the immediate organization of all his military resources.

A large portion of the army of Russia is to be placed on a war footing, and was to be assembled on the 1st of April

This step, says the Courier, is required by the events transpiring in the West of Europe, manifesting the sinful design of subverting legal authorities.

The alliance of friendship and the treaties by which Russia is connected with the neighboring powers, imposed upon us a sacred duty to take timely measures for placing a portion of our troops upon a war footing, that in case circumstances should demand it, a firm front may be opposed to the disgraceful conduct of anarchy

Beyond these precautions, it is not anticipated at present that the Emperor will take any steps beyond the confines of his own dominions, the tranquility of which will not, it is supposed, be materially disturbed.

Great military preparations are being made in Russia, but no publication have appeared.

GREECE.

The Kingdom of Greece appears in a dreadful state of confusion Civil war, in fact, is the order of the day, and it is quite probable that the reign of the Bavarian Otho is drawing to a close

BAVARIA

There has been a Counter-revolution effected at Bavaria. The people are in transports of delight at their victory, and the troops and the Grandees of the University have sworn allegiance to the new constitution

SICILY.

Sicily has obtained the Constitution of 1812, and seems resolved to enjoy a free Government, independent of Neapolitan Thraldom, notwithstanding that the Government had threatened the garrison at Messina The Messinese stormed the fortress of St Salvador on the 17th inst. and put great numbers of the garrison to the sword

Sir W Parker's fleet remains on the coast, and it is credibly affirmed that the English Government has determined to support the Sicilians in the maintenance of the Constitution of 1812.

ITALY

The Pope has issued a formal proclamation of the new Roman fundamental Constitution. The College of Cardinals chosen by the Pope is to be constituted A Senate and two deliberative Councils for the formation of the laws are to be established, consisting of the High Council and the Council of Deputies—the Judicial Tribunals are to be independent of the Government and no extraordinary commission Courts are to be in future established The National Guard is to be considered an institution of the State. The Pope convokes and prorogues the Legislative Chamber, and dissolves the Council of Deputies, being required to convoke a new Chamber within three months, which will be the ordinary days on of the annual session.

The sessions are to be public, the members of the Senate are to be appointed by the Pope for life, and their number is not limited The Pope will appoint the President and Vice President. The Second Council will be elective, on the numerical basis of one Deputy to every 30,000 souls

The profession of the Popish religion is indispensable as a qualification for the exercise of civil and political rights A different electoral law will regulate the election of Deputies.

INDIA

The mails from Bombay of the 15th of February, bring alarming news of the results of the failure of the Union Bank of Calcutta A contribution of 20 per cent is to be levied on the share holders, and the Lauddale Insurance Company is involved from having invested their funds in the securities of the Bank. Business has been materially affected thereby, and several native firms have suspended payments

A slight complaint called the English Cholera prevailed at Poonah and the neighborhood.

INSURRECTION AT MILAN —News from Milan to the 18th March states that the people, not satisfied with the promises of the Emperor to grant a Constitution, had broken out in insurrection and open resistance to the Government. Barricades had been raised in the streets, and at the departure of the courier, fighting was going on between the troops and the people

A letter from Turin of the 19th inst states that when the Mail left Milan, the Austrians were making terms with the insurgents for the evacuation of the city

On the 19th inst King Charles Albert declared a general amnesty Advices from Naples announce the expulsion of the Jesuits from that city

King Leopold has given his Ministers full leave to make any proposition they may think advantageous for Belgium to Belgium, the chief event has been the suspension of cash payments by the two great Banks, the Bank of Belgium, and the Societe Generale

Some disturbances have taken place on the Luxembourg frontier The Duke and Duchess of Montpensier are living in retired retirement at Brussels

It is announced that Dutch Luxembourg has established a Republic The town of Luxembourg has not, however, shared in the movement, from being at the mercy of the fortress

The Hanoverian Gazette contains a decree, signed by the Minister of the Interior, abolishing the censorship of the press, but at the same time providing for the punishment by law of those who shall publish political libels against the established order of things

The King of Sardinia has published a general amnesty for political offences. Serious disturbances have occurred at Sardinia. At Chambery, on the 6th inst arms for a republic were offered, but the military restored tranquility The King of Sardinia had convoked to consecrate a constituent national assembly

Markets—The action quiet and inactive, with a limited demand and a reduction of prices—American declined ½ to ¾d per lb.

Corn has slightly advanced

☞ Mr Hotchkiss, the gentleman who was so nearly murdered at Brooklyn, New York, has recovered his bodily health and is slowly regaining his mental faculties He seems to have forgotten every thing he learned during his life and has to be taught to speak and learn his letters as if he were a child. The sound of his own voice again learning to articulate a new word, adds a hum exceedingly.

Chloroform Footache Drops.

It is well known that "CHLOROFORM" has superseded (in a great measure) the use of Brandy, as an allayer of pain, and is now used by the best Surgeons and Physicians in preference. A celebrated Chemist (and one of the first manufacturers of Chloroform,) has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACH. After fanning it in small vials it has never failed to give relief, there is no possible danger in using it, as it will not injure the mouth more than water. All that is necessary in using these Drops, is to saturate with a bit of cotton or lint, and place it in the cavity of the tooth. Retail will be three cents.

None genuine without the signature of Geo A Pote on the wrapper, put up by Dr. H Thomas, Bath, Maine.

The Great Remedy for Gonorrhœa
GLEET, Strictures, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known having practiced in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks
Dr D most solemnly affirms that during his practice of forty years the Paste has never, in one single instance failed of effecting a cure in a few days without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared and the patients were discharged, entirely cured
If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time
In case the Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.
For sale only by the original inventor and sole proprietor, Dr PETER G DOUGLASS, at his Office No 55 Union street Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient left upon the most beneficial course of treatment that can possibly be adopted.

M'Alister's ALL-HEALING Ointment,

FOR THE CURE OF

Colds, coughs, consumption, sore throat, scrofula, scurvy, and all cutaneous eruptions, for bruises, burns, ulcers, sores of all kinds, and general debility.

This celebrated Ointment has a most striking effect upon the blood in disease, it first purifies it, then invigorates it, and thereby restores a healthy circulation of the fluid, which lubricates the joints and thus removes stiffness, soreness & pressure upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groin, the axilla or under the arm about the ear, and all other parts of the body.

This All Healing Ointment is equally effectious in promoting the secretions of the kidneys, relieving stoppage or retention of urine, and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia St Vitus's dance, palsy, paralysis, numbness or want of feeling or power of motion from any accidental injury or general affection of the nervous system. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.

We speak the things which we know of the astounding efficacy of this justly celebrated, valuable and worthily named "ALL HEALING OINTMENT," the innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious efficacy, testify not to the truth of all, and more than all, herein asserted
